

**We simply provide
hats . . .**

An international
non-profit organization
that collects new hats of
all styles for distribution
to children and
adults undergoing
chemotherapy or
radiation therapy.

Thanks to our generous sponsors and caring individuals around the globe, we have many different styles and sizes of hats to choose from.

If you or someone you love has received or will be receiving cancer therapy, and you require a hat, please contact us at our website or by phone. We will help you in choosing the style that suits you best. The hat will be shipped to your address at no cost to you.
